

PROGRAMS/PROJECTS AND STRATEGIES TO BE IMPLEMENTED BY THE AGENCY CONSISTENT WITH THE 10-POINT ECONOMIC AGENDA UNDER PRESIDENT DUTERTE’S ADMINISTRATION

The priority programs/projects and activities of SPDA shall support the following 10-point Economic Agenda under President Duterte:

Continue and maintain the current macroeconomic policies of the Duterte Administration and pursue a genuine agricultural development strategy by providing support services to small farmers and rural development with the public-private partnership playing a key role

Promoting rural and value chain development toward increasing agricultural and rural enterprise productivity and rural tourism

Investing in human capital development through skills training to meet the demands of the business and private sector

Promoting science and agri-technology in its projects towards self-sustaining and inclusive development

Some of the programs and projects of the Agency are located in areas belonging to the marginalized or poor areas and target marginalized sectors like the fishermen and farmers. Among such projects are the **SPDA Vitali Fishpond Project** where the local fishermen are employed in our fishpond operation. Likewise, some of the areas of the fishpond have been awarded to the fishermen on a stewardship concept thereby providing them with sources of income from aquaculture production like bangus and prawns.

Under the leadership of the new SPDA Administrator who assumed office on February 6, 2018 after his appointment by President Duterte, plans for partnership with private corporations for the land-base areas for broiler production under contract growing scheme shall be pursued which will provide additional employment.

DEVELOPMENT OF THE SPDA VITALI FISHPOND PROJECT SITUATED IN VITALI, ZAMBOANGA CITY, REGION IX

WATER-BASED AREA :

AQUACULTURE PRODUCTION (Bangus, Prawns) AND PRODUCTION OF THE AQUACULTURE PRODUCTS INTO PROCESSED HALAL FOOD LIKE CANNED/BOTTLED BANGUS

LAND-BASED AREA :

POULTRY (BROILER) PRODUCTION - IN PARTNERSHIP WITH SAN MIGUEL FOODS

HALAL DRESSED CHICKEN (FORWARD LINKAGE)-

HALAL FEEDS PRODUCTION (BACKWARD LINKAGE)

POULTRY (BROILER) PRODUCTION, HALAL DRESSED CHICKEN

HALAL CANNED CHICKEN PRODUCTS

SPDA Pikit Ice Plant in Pikit, North Cotabato

AQUACULTURE SUPPORT TO THE 220,000 HECTARES LIGUASAN MARSH WHERE FISH PRODUCTION IS THE ECONOMIC SOURCE OF LIVELIHOOD

The development of the 26,000 hectares more or less **Wao and Bumbaran, Lanao del Sur property proclaimed to SPDA** into an agro-industrial complex will eventually lead to the production of crops and goods that can be exported to other countries particularly halal products, hence contributing to economic growth. More businesses establish in the area would mean more employment and taxes generated and development of more infrastructures. Likewise, SPDA shall spearhead the promotion of investments to the 26,000 hectares more or less area in Lanao del Sur. The influx of businesses to the area will bring about development to the area. With economic development and opportunities for jobs provided, food on the table for every family as envisioned will bring about peace and harmony.

Plans are being pursued by SPDA for the production of corn with a private agricultural company that will be utilized for cattle feeds using the private company's technology of mechanically harvesting the whole corn plant and eventually baled and exported to the Middle East within the areas shall be the initial activity to be undertaken.

1. Address bottlenecks in land administration and management system

On the social aspect, SPDA shall contribute to the *empowerment of the marginalized homeless sector by partnering with the government housing institutions like National Housing Authority and Non-Government Organizations engaged in assisting the landless and homeless sector as mobilizers by giving the informal settlers opportunities to own the land they are currently occupying* through various land acquisition schemes of the National Government like

Community Mortgage Program and Community Land Acquisition and Support Program.

SPDA Catitipan, Davao City property- subjected to the Community Land Acquisition Support Program (CLASP) of NHA

Agreements with the National Housing Authority on the national and Region IX levels were undertaken for the disposition of the SPDA property in Rio Hondo and Mariki, Zamboanga City which was affected by the September 9, 2013 Zamboanga Crisis. The National Housing Authority has initiated construction of settlements/housing for those affected by the conflict and initiated coordination with SPDA as the disposition entity of the subject property consisting of about 5.7 hectares.

It should be recalled that SPDA developed the area as a Muslim Settlement per Presidential Proclamation 1458 and Letter of Instruction No. 481 under the project Sahaya Resettlement/Village where the former MNLF combatants and their families were resettled in the early 1970s. The residential structures of the Rio Hondo and Mariki area consisting of about five (5) hectares has been reduced to nothing.

Other properties subject of socialized housing per Executive Order No. 98 and earlier Slum Improvement & Resettlement mandates and programs of the NHA on socialized housing like the Community Mortgage Program and the Community Land Acquisition and Support Program which are a subjects of negotiation with the informal settlers in the area are the SPDA Valencia City, Don Carlos and Maramag Properties in Bukidnon; SPDA Sasa, Davao City Property occupied by the Sasa Urban Housing Association (SUHA) and the SPDA Malagamot, Davao City property.

SPDA Valencia City, Bukidnon Property

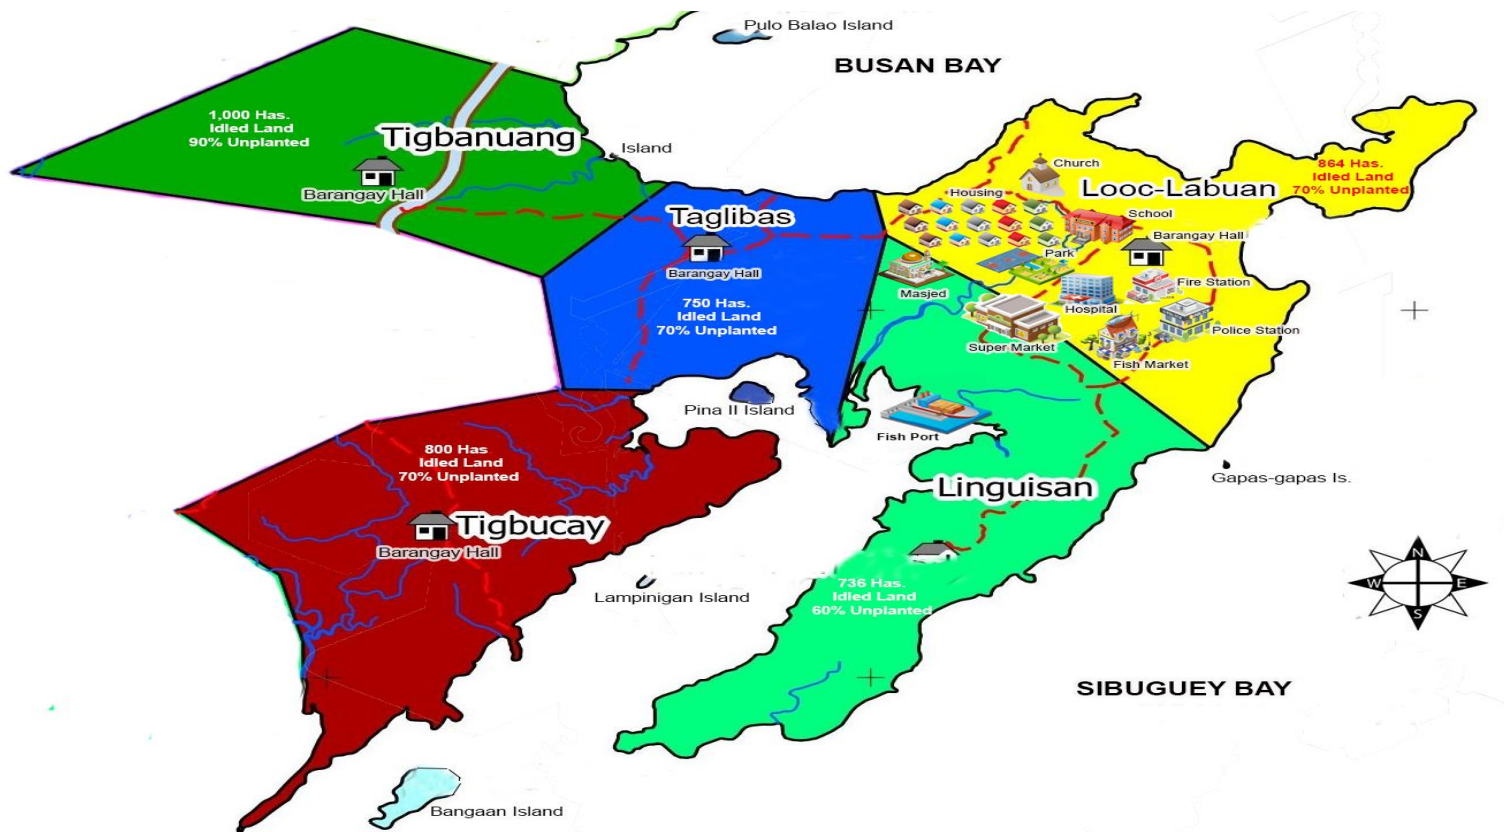

Pursuit of INCLUSIVE Peace (continuity of peace agreements...)

In 1996, after the Final Peace Agreement with the MNLF, SPDA was identified to support the realization of some of the provisions of this Agreement. SPDA was again mandated in 2006 by virtue of Executive Order 560 to implement an Economic Catch-Up Plan for the MNLF. Recently, SPDA was again cited in the signed Comprehensive Agreement on the Bangsamoro (CAB) with the MILF as one of the institutional mechanisms for Bangsamoro’s revenue and wealth sharing concerns.

- **The inclusion of SPDA in the ANNEX ON REVENUE GENERATION AND WEALTH SHARING FIRST IN THE FRAMEWORK AGREEMENT ON THE BANGSAMORO ON JULY 13, 2013 AND SUBSEQUENTLY IN THE COMPREHENSIVE AGREEMENT ON THE BANGSAMORO (CAB) and recently submitted PROPOSED BANGSAMORO BASIC LAW UNDER THE ARTICLE XII - FISCAL AUTONOMY OF GOVERNMENT OWNED AND/OR CONTROLLED CORPORATIONS (GOCCS) AND FINANCIAL INSTITUTIONS ON SECTION 32 which states that “*Southern Philippine Development Authority and Al-Amanah Islamic Investment Bank. – Within six (6) months from the establishment of the BTA, the Intergovernmental Fiscal Policy***

Board shall determine the participation of the Bangsamoro in the ownership and management of Al-Amanah Islamic Investment Bank of the Philippines and the Southern Philippines Development Authority as provided in P.D. 690, as amended by P.D. 1703, and the mode of transfer of ownership to the Bangsamoro Government”, SPDA anticipates to continue to become a mechanism for peace and development.

- Address the MNLF communities outside of ARMM’s socio-economic and cultural needs through an inclusive and wholistic approach to peace and development. As such, SPDA proposes the establishment of the **PEACE (People Economic Advancement and Community Empowerment) Villages** starting with the Municipality of Tungawan, Zamboanga Sibugay. This shall be replicated in other MNLF communities still wanting of government and private sector interventions and through tie-up with the MILF leaders with the normalization of their various camps.

Initial Proposed Pilot PEACE VILLAGE – Barangays Look Labuan, Tigbukay, Taglibas, Linguisan and Tigbanuang in the Tungawan, Municipality, Zamboanga Sibugay

Partnership with Private Sector in Economic Development Undertakings (PPP) in support of the agenda on increasing competitiveness and the ease of doing business

Negotiations with private local and foreign companies were undertaken for joint undertaking/development of some of SPDA’s projects suitable for agricultural development (Wao and Bumbaran, Lanao del Sur), housing and mix-use commercial development (Bonbon, Butuan City property) and medical city (Davao City property).

SPDA Bonbon, Butuan City property for mix-use (Commercial and housing development)

400 units Housing

SPDA Catalunan Pequeño, Davao City property proposed development into a Medical City

Development Perspectives of the SPDA Catalunan Pequeño Property into a Medical City

**Talon-Talon, Zamboanga City SPDA Property for Development into
a Hospital with a Private Sector Partnership**

- **Pursue coordination and consultation with the Mindanao Development Authority (MinDa) and other agencies and funding institutions for big ticket projects such as the Mindanao Railway System as part of the President’s agenda for the social and economic development efforts in Mindanao as a government corporate arm under the PPP concept.**
